June 15, 2010

Dear Customer:

Do you have a tractor that weighs more than 55000#? Then it is time to pay your 2010-2011 IRS Heavy Vehicle tax!

Last year the Internal Revenue Service started sending out some of the 2290 heavy vehicle forms. Many of you did not get the forms and have been penalized for not paying the tax on time. We wanted to give you a heads-up to be looking for the form.

The 2290 heavy vehicle tax form can be paid anytime after July 1, 2010. It is due before August 31, 2010 to avoid any late penalties. You must have a paid receipt each year in order to renew your license plates.

If you need us to complete this form, please check here _____ and return this letter to us as soon as possible either by fax or by mail. We will bill you \$40 to complete the form plus the IRS fee per truck. Once we receive your payment in full, we take the form and check to NC DMV or to the IRS for processing. We will send you a copy of the paid receipt. The IRS will also send you a paid receipt, once they have received the original report.

If you complete your own 2290 tax form, please ignore this letter but send us a copy of the paid receipt when you get it.

Thank you for your business,

Karen Downing
